EDUCATION

M S RAMAIAH INSTITUTE OF TECHNOLOGY

Bachelor of Technology – Industrial Engineering & Management; GPA: 7.2

Bengaluru, India

Dec 2020 – May 2024

Courses: Supply Chain, Logistics & Distribution, SAP Modules, Quality Assurance, Inventory Control, Production Planning (PPC), Six-Sigma

SKILLS SUMMARY

- **Languages:** Python, ABAP, SQL, VBA
- **Frameworks:** SAP BASIS (ECC/S4 basics), TMS, Client Admin, SolMan (ChaRM basics), System Monitoring, JIT, Kanban, Agile, Scrum
- **Tools:** SAP Logon, Fiori, SolMan (BPMon, FB, FI), TMS, ChaRM, IDOCs, BAPIs, HANA Studio
- **Platforms:** ECC 6.0, S/4HANA, UNIX/Linux, Windows Server, Oracle DB, HANA DB, Azure (basic), Data Lake, Cloud Ops
- **Domain:** SCM, S&OP, Procurement, Vendor Mgmt, Prod Planning, Scheduling, Logistics Costing, Quality (SPC, CPK)
- **Soft Skills:** High Ownership, RCA Focus, Proactive Problem Solving, Crisis Mgmt, Multi-tasking, Agile Collaboration, Cross-functional Communication, Rapid Tech Adaptation, Global Teamwork

EXPERIENCE

ACCENTURE

Hybrid-Bengaluru

SAP – Application Developer (Full-time)

Apr 2024 - Present

- Delivered end-to-end SAP support across inbound, outbound, production, and warehouse operations, contributing to a 20% improvement in supply chain efficiency.
- Resolved transactional issues in goods receipt, goods issue, stock transfers, production confirmations, and wave processing, reducing order delays and minimizing disruptions.
- Handled IDOC monitoring and interface error resolution between SAP systems, improving data flow accuracy and reducing manual interventions by 15%.
- Performed master data corrections involving materials, batches, storage bins, and handling units, ensuring process stability and operational accuracy.
- Raised and closed SAP incident tickets, coordinated with functional teams, and maintained proper documentation for repeated issue resolutions.
- Conducted routine system checks (SM12, SM21, ST22, SM37) and transport request movements (TMS), ensuring system uptime and on-schedule deployments.
- Collaborated with business and operational teams to resolve process issues, ensure warehouse activity continuity, and support smooth transitions during system changes.
- Supported SAP Fiori troubleshooting, resolved user access and transaction errors, and improved first-response resolution rates.
- Prepared daily reports, shift handovers, and RCA documentation, ensuring knowledge continuity and smoother team coordination.

HONDA R&D India

Supply Chain & Logistics Intern

Jun 2023 – Nov 2023

- Assisted in production planning, material procurement, and logistics coordination within a high-volume automotive manufacturing environment.
- Supported supplier management activities, including RFQ preparation, purchase order follow-ups, and inventory monitoring to ensure smooth production line operations.
- Contributed to cost optimization projects by analysing inventory turnover, lead time reduction, and improving material flow efficiency.
- Worked with cross-functional warehouse management and logistics teams to streamline inbound and outbound supply chain processes.
- Gained hands-on experience in SAP ERP systems, lean manufacturing practices, and just-in-time (JIT) inventory systems commonly used in the automotive industry.

HONORS AND AWARDS

- SAP Certified Application Associate – **SAP S/4HANA** Extended Warehouse Management
- TechLead at Innovation & Training Club (ISOI), **IISc** (Indian Institute of Science), Bengaluru
- Worked as Placement Secretary at MSRIT – Placement & Training Office for batch 2024
- Certified by **Flipkart** GRiD 5.0 for E-Commerce & Tech Programme
